

Walk by Faith

Description

By faith he (Moses) left Egypt, not fearing the king's anger; he persevered because he saw him who was invisible. (Hebrews 11:27)

FAITH!

The Israelites are not strangers to walking by faith. Sure they had days where their lack of it was more evident, than their dependence on God. But don't we all.

Exodus 12:31, Pharaoh finally gives his approval for the Israelites to be released from their slavery. Moses leads them from Egypt, a land of bondage, towards the unknown with miracle after miracle to be performed before their very eyes.

Exodus 13:17 – 14:31, God leads the Israelites to the edge of the Red Sea. Their enemy is coming behind them, their future is beyond the Red Sea, but right now/today ~ they must cross the Red Sea. They must live by faith, not by sight. Are you at the edge yet? Are you ready to see God perform something amazing in your own life?

Here it is, don't miss it! The parting of the sea, the Israelites walking on dry land.

Hebrews 11:27 says, "**By faith** he (Moses) left Egypt, not fearing the king's anger; he persevered because he saw him who was invisible."

May you take steps of faith towards God knowing that He has been faithful to you and has not lost track of what your life will become in Him. Continue to walk forward. Let us be people of faith, living out the days God has ordained for us.

People of FAITH.
