God told them, "I've never quit loving you and never will. Expect love, love, and more love!"
(Jeremiah 31:3, MSG)

The message of God's love is the one we hope to bring to the whole Tampa Bay Area as we introduce the You Are Priceless book to women all over our city. This book was custom designed for women who are currently in the Commercial Sex Industry, as well as for those who have been victims of human trafficking. Tune in to hear the hearts of Joyce Kelly (Founder of I Am Freedom Girl and contributor to the book), Angie Rodriguez (Former dancer in the clubs who experienced freedom in Christ and one of our contributors), and myself (visionary of You Are Priceless book). Thank you Brandee Nielsen-Smith of Christian Coffee Talk for women for having us on the show! It was a true delight to share our hearts desire and hopefully encourage others to get on board with [The Priceless Journey](#).

Lord, please continue to do the work that only You can do. Please open the doors for us to share the message of redemption and hope with women who have yet to understand their value in Christ. And please increase our sensitivity to Your leading so that we only go where You lead us to go in this!
