

Overcoming the Darkness

Description

Darkness is the reality for many

It appears that at some point in our lives, we have all had an encounter with it. Whether it was something spoken over us or lies we chose to believe.

Whether it was the result of circumstances we had no control of in our lives or the consequences faced from a personal decision we chose to make. Regardless of the reality, the enemy wants to keep us trapped inside that dark place.

Overcoming that darkness doesn't happen overnight. It's a journey. One moment at a time, one choice at a time, and one step at a time. It's the light of truth being shed onto that dark place that makes the way of escape.

God showed us in the book of Genesis that this was the first part of the process. The very first thing God addressed was the darkness. He said *"let there be light"*. Only with the light of truth shown, can we see what exists inside the darkness. Then, just as God did, we too can begin to address one adversity at a time.

Overcoming the Darkness is Our Mission

Our theme for the year is to bring hope to overcoming the darkness as a whole. From this point onward, we will begin to address each adversity, one at a time and shine the light of truth on each and every lie that darkness has told.

Our hope is that each [resource](#) will help you become one step closer. Through each story, each encounter, and each moment, you will be encouraged and that you will find healing. That you will learn the truth of who you are and who you were always meant to be.

This is just the beginning of our journey, our first step on the path.

Join us.
